

STATE OF NORTH CAROLINA DEPARTMENT OF TRANSPORTATION

BEVERLY EAVES PERDUE EUGENE A. CONTI, JR.
GOVERNOR SECRETARY

June 16, 2010

MEMORANDUM TO: Derrick G. Weaver

Project Development and Environmental Analysis Branch

ATTN: Ahmad Al-Sharawneh

Project Planning Engineer

Cray E. Haden

FROM: Craig E. Haden

GeoEnvironmental Project Manager

GeoEnvironmental Section Geotechnical Engineering Unit

TIP NO: R-4707 WBS: 36599.1.2 COUNTY: Guilford

DESCRIPTION: US 29 and SR 2970 (Eckerson Rd) (Ready Fork Pkwy) Interchange

Improvements.

SUBJECT: Updated Hazardous Materials Report

The GeoEnvironmental Section of the Geotechnical Engineering Unit has investigated the above referenced project to identify hazardous material sites for inclusion in the environmental document.

HAZARDOUS MATERIALS EVALUATION

Purpose

This section presents the results of a hazardous material evaluation conducted along the above referenced project. The main purpose of this investigation is to identify properties within the expanded project study area that are or may be contaminated and therefore result in increased project costs and future liability if acquired by the Department. Hazardous material impacts may include, but

TELEPHONE: 919-250-4088

are not limited to, active and abandoned underground storage tank (UST) sites, hazardous waste sites, regulated landfills and unregulated dumpsites.

Techniques/Methodologies

The Geographical Information System (GIS) was consulted to identify known sites of concern in relation to the project corridor. The initial GeoEnvironmental Impact Evaluation was completed in July 2005. Geotechnical Engineering Unit personnel conducted a field reconnaissance along the expanded corridor on June 8, 2010. This report replaces the July 2005 report. A search of appropriate environmental agencies' databases was performed to assist in evaluating sites identified during this study.

Findings

UST Facilities

Four (4) sites may contain petroleum USTs within the project limits.

Hazardous Waste Sites

One (1) Hazardous Waste Sites was identified within the project limits.

Landfills

No apparent landfills were identified within the project limits.

Other GeoEnvironmental Concerns

Two (2) other geoenvironmental concerns (one metal fabrication shop and one manufacturing facility) were identified within the project limits.

Anticipated Impacts

Four (4) possible UST facilities, one (1) Hazardous Waste facility, one (1) metal fabrication shop and one (1) manufacturing facility were identified within the proposed project corridor. We anticipate high to low monetary and scheduling impacts resulting from these sites. (See the following table and appendices for details)

The Geotechnical Engineering Unit will provide assessments on each of the above properties after identification of the selected alternative and before right of way acquisition. Please note that discovery of additional sites not recorded by regulatory agencies and not reasonably discernable during the project reconnaissance may occur. The Geotechnical Engineering Unit should be notified immediately after discovery of such sites so their potential impact(s) may be assessed.

If there are questions regarding the geoenvironmental issues, please contact me, at 919-250-4088.

Known and Potential Hazardous Material Sites

Property Name
Jenkins Company
5949 Summit Rd

Browns Summit, NC 27214

Facility ID #: N/A Incident #: N/A

1)

Property Owner: John M. Jenkins PO Box 346

Brown Summit, NC 27214

UST Owner: N/A

This facility operates as a metal fabrication Shop. It is located on the west side of Summit Rd approximately 1250 feet north of Eckerson Rd. There is one waste oil AST and one Diesel fuel AST located on the southeast corner of the building. This site is anticipated to present low geoenvironmental impacts to the project.

2) **Property Name Property Owner:**

Morrisette Paper Co.

5925 Summit Ave

Greensboro, NC 27214

Greensboro, NC 27214 Browns Summit, NC 27214

Facility ID #: N/A UST Owner: N/A

Incident #: 8313

This facility is currently Morrisette Paper Co. It is located on the west side of Summit Ave approximately 1200 feet south of Eckerson Rd. It is the former location of the Allen Bradley Co. There are several monitoring wells on site associated with the Allen Bradley Co. GWI # 8313 was assigned to the former Allen Bradley Co. This site is anticipated to present low geoenvironmental impacts to the project.

3) **Property Name Property Owner:**

Gateway Research Park
5900 Summit Ave
Browns Summit, NC 27214
State of North Carolina
116 W. Jones St
Raleigh, NC 27603

Facility ID #: 0-033577 UST Owner: NCDHR-Central School of the Deaf

Incident # 21547

This property is currently part of the UNCG Campus System. It is the former NC Central School of the Deaf. It is located on the east side of Summit Ave at the Intersection of Summit and Bryan Park Rd. According to the UST registry six (6) heating oil USTs were permanently closed in 1993. GWI # 21547 has been assigned to this facility. **This site is anticipated to present low geoenvironmental impacts to the project.**

4) **Property Name Property Owner:**

CGR Products Charles Allen Keeley III

4655 Hwy 29 N 708 Sunset Dr

Greensboro, NC 27405 Greensboro, NC 27408

Facility ID #: 0-034097 UST Owner: Charles Allen Keeley III

Incident #: N/A

This facility operates as a custom fabrication shop for industrial manufacturing components. It is located in the southwest quadrant of US 29 and Esterwood Rd. According to the UST registry one (1) heating oil UST is currently in use. **This site is anticipated to present low geoenvironmental impacts to the project.**

5) **Property Name** Property Owner: Heritage Environmental Worsham Realty LLC

4643 Hwy 29 3240 N. O Henry Blvd Greensboro, NC 27405 Greensboro, NC 27405

Facility ID #:0-010966 UST Owner: Southern Plastics Eng. Co

#: 0-027932 : JW Manufacturing Enterprise

This facility operates as a recycling facility warehouse for Heritage Environmental Services. It is located on the west side of US 29 approximately 500 feet south of Esterwood Rd. According to the UST registry there is one current (1) heating oil UST and one (1) heating oil UST was closed in place in 1993. This site is anticipated to present low geoenvironmental impacts to the project.

6) **Property Name Property Owner:**

Hwy 29 BPFSH Properties LLC4736 Hwy 29127 Blue Bell RdGreensboro, NC 27405Greensboro, NC 27406

Facility ID #:0-010571 UST Owner: Kyle's Friendly Service Inc

127 Blue Bell Rd

Incident #: 16732

#: 23783

This facility currently operates as a convenient store/ gas station. It is located in the southeast quadrant of US 29 and Anita Ln. The tank bed is located approximately 185 feet from the Edge of pavement on US 29. The gas pump island is located approximately 105 feet from the edge of the pavement and the diesel pump island is approximately 185 feet from edge of the pavement on US 29. According to the UST registry there are 4 USTs currently in use. Several monitoring wells were noted at the site and GWI #s 16732 and 23783 have been assigned to this facility. **This site is anticipated to present low geoenvironmental impacts to the project.**

7) **Property Name**Wysong & Miles Co
4820 Hwy 29 N

Greensboro, NC 27405

Facility ID #:0-017670

Incident #: 3567

Property Owner: Wysong & Miles Co PO Box 21168

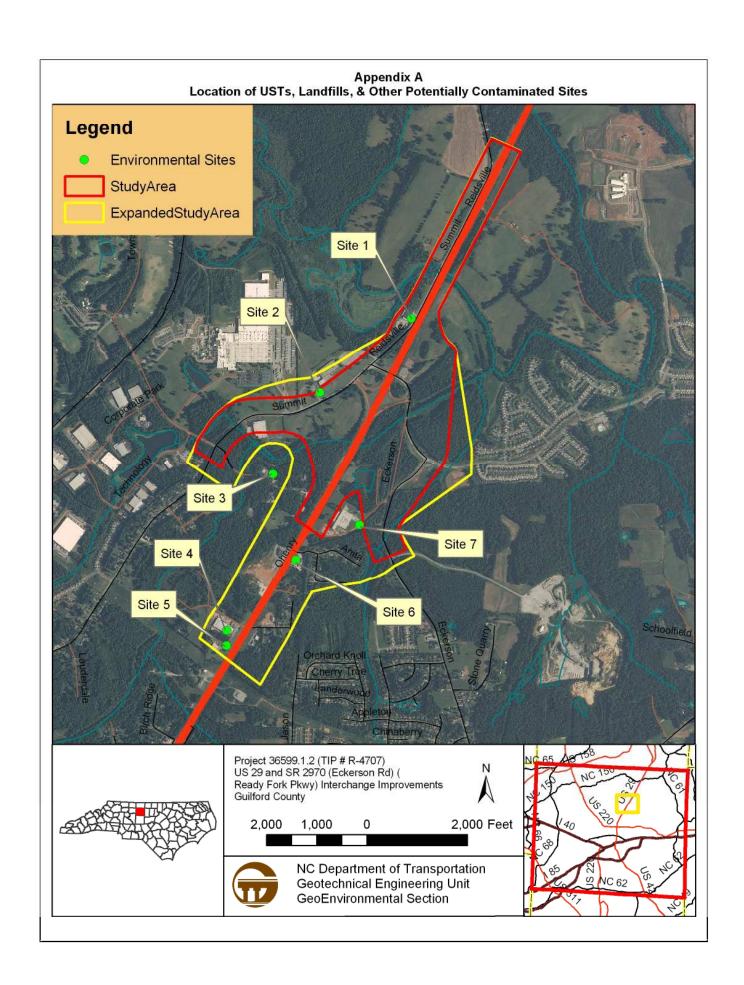

Greensboro, NC 27420

UST Owner: Wysong & Miles Co

The facility is listed as a RCRA site for Trichloroethane. This facility is located on the east side of US 29 approximately 1000 feet north of Anita Ln. According to the UST registry one (1) 4000 gallon hydraulic oil UST was removed in 1991. Several monitoring wells were noted at the site and GWI # 3567(associated with a trichloroethane leak) has been assigned to this facility. **This site is anticipated to present intermediate geoenvironmental impacts to the project.**
