The purpose of this letter is to notify you that the Division of Mitigation Services (DMS) will provide the mitigation for the subject project. Based on the information supplied by you on October 1, 2025, the impacts are located in CU 03010205 of the Pasquotank River basin as follows:

		Cold	Cool	Warm	Riparian	Non-Riparian	Coastal Marsh
Impacts	Pasquotank 03010205	0	0	0	0	1.210	0

*Some of the impacts may be proposed to be mitigated at various ratios. See permit application for details. DMS will provide the amount of stream and wetland mitigation included in the environmental permits.

This mitigation acceptance letter replaces the mitigation acceptance letter issued on November 6, 2023. NCDEQ – DMS commits to implement sufficient compensatory mitigation credits to offset the impacts associated with this project as determined by the regulatory agencies in accordance with the In-Lieu Fee Instrument dated July 28, 2010. If the above referenced impact amounts are revised, then this mitigation acceptance letter will no longer be valid and a new mitigation acceptance letter will be required from NCDEQ – DMS.
