NCDOT Coordinator

Subject: **Application for CAMA General Permit** for the Proposed Relocation of Utilities at Slash Creek on NC12 in Hatteras, Dare County, North Carolina; TIP No. B-5610; Federal Aid Project No. NHP-0012(0016); Debit \$200 from WBS No. 45565.1.2

Dear Sirs,

The North Carolina Department of Transportation (NCDOT) proposes to relocate the utilities located on NC 12 at Slash Creek. This work is to facilitate the future construction of a new bridge at this site. The current location of utilities are in conflict with any future designed bridge at this location.

Aerial utilities will be relocated with no impact to jurisdictional resources. The water line currently attached to the bridge will be directionally bored under Slash Creek, also resulting in no impacts to jurisdictional resources.

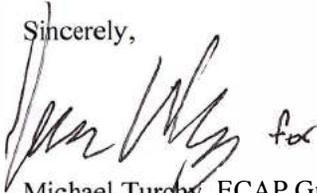

Please see enclosed copies of the Division of Coastal Management Major Permit Forms 1 and utility drawings for the above referenced project. A Type 1A Categorical Exclusion was completed in July 2019 and distributed shortly after. Additional copies are available at the NCDOT website: <https://xfer.services.ncdot.gov/pdea/EnvironmentalDocs/>

NCDOT hereby requests that the proposed work be authorized under:

- CAMA General Permit: NCDOT requests that the proposed work be authorized under a Coastal Area Management Act General Permit 1600. Adjacent riparian landowner certified mail return receipts will be provided once they are received. Authorization to debit the \$400 Permit Application Fee from WBS Element 45565.1.2 is hereby given.

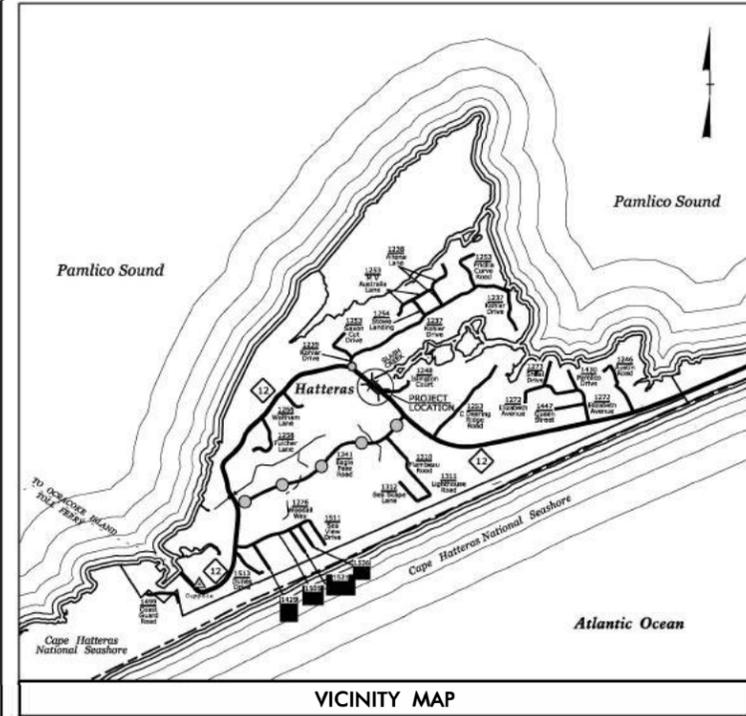

A copy of this permit application will be posted on the NCDOT Website at <https://xfer.services.ncdot.gov/pdea/PermApps/> Should you have any questions regarding this information, please contact Jason Dilday at (919) 707-6111 or jldilday@ncdot.gov.

Sincerely,
