Subject:

Request for a Jurisdictional Determination of Waters of the United States within the project study area – NCDOT State Project No. 17BP.6.R.20, Bridge No. 75 on SR 1006 (MM Ray Road) over Big Branch, Columbus County, NC.

TRANSPORTATION

Dear Mr. Smith:

ARCADIS has performed a wetland delineation in the vicinity of Bridge No. 75 over Big Branch on SR 1006 (MM Ray Road) in Columbus, County, NC for the North Carolina Department of Transportation (NCDOT). This letter serves as the formal request for a Jurisdictional Determination. The study area extends from the bridge approximately 300 feet in each direction along the centerline of the road and approximately 100 feet up and down stream of the bridge. The study area consists of undeveloped, forested land and agriculture in the vicinity.

Additional information pertaining to the proposed project is provided in the attached *Request for Jurisdictional Determination Information Package*. As previously stated, we would like to formally request a Jurisdictional Determination site visit for wetlands located with the project area at your earliest convenience. Included is a disc containing an electronic word version of the Approved Jurisdictional Determination Form for your use.

If you have any questions or concerns, please contact me either by phone or by email.

ARCADIS G&M of North Carolina, Inc.

Sincerely,

ARCADIS G&M of North Carolina, Inc.

Subject:

Request for a Jurisdictional Determination of Waters of the United States within the project study area – NCDOT State Project No. 17BP.6.R.6, Bridge No. 128 on SR 1469 (Fairgrove Road) over Horn Camp Swamp, Robeson County, NC.

Dear Mr. Smith:

ARCADIS has performed a wetland delineation in the vicinity of Bridge No. 128 over Horn Camp Swamp on SR 2469 (Fairgrove Road) in Robeson, County, NC for the North Carolina Department of Transportation (NCDOT). This letter serves as the formal request for a Jurisdictional Determination. The study area extends from the bridge approximately 350 feet in each direction along the centerline of the road and approximately 100 feet up and down stream of the bridge. The study area consists of undeveloped, forested land and a beaver impoundment.

Additional information pertaining to the proposed project is provided in the attached *Request for Jurisdictional Determination Information Package*. As previously stated, we would like to formally request a Jurisdictional Determination site visit for wetlands located with the project area at your earliest convenience. I have included a disc containing an electronic word version of the Approved Jurisdictional Determination Form for your use.

If you have any questions or concerns, please contact me either by phone or by email.
