Subject: Archaeology for bridge replacement projects; follow-up

Hi Pam.

I have attached a spreadsheet with a recommendation for an archaeological survey or no survey for bridges in Rockingham, Brunswick, Cherokee, Graham, Macon, Polk, Swain, Forsyth, Rowan, Stokes, and Union Counties with the 6-digit structure numbers.

I will start writing forms in the next few days.

If you have any questions or need any clarification, please let me know.

Thanks

C. Damon Jones
