HISTORIC ARCHITECTURE AND LANDSCAPES NO SURVEY REQUIRED FORM

This form only pertains to Historic Architecture and Landscapes for this project. It is not valid for Archaeological Resources. You must consult separately with the Archaeology Group.

PROJECT INFORMATION

Project No:	B-5691	County:	Cumberland/Sampson
WBS No.:	45645.1.1	Document Type:	
Fed. Aid No:		Funding:	☒ State ☐ Federal
Federal Permit(s):	☒ Yes ☐ No	Permit Type(s):	NWP 3 and 14
Project Description: Replace Bridge No. 52 on SR 1006 (Maxwell Road) over South River (off-site detour planned, no improvements anticipated).			

SUMMARY OF HISTORIC ARCHITECTURE AND LANDSCAPES REVIEW

DESCRIPTION OF REVIEW ACTIVITIES, RESULTS, AND CONCLUSIONS: HPOWeb reviewed on 8 February 2016 and yielded no NR, SL, LD, DE, or SS properties in the Area of Potential Effects (APE). Cumberland and Sampson Counties' current GIS mapping, aerial photography, and tax information indicated a mostly wooded APE with two unexceptional residential and commercial resources dating to mid-twentieth century approximately 350 feet SE of the existing bridge (viewed 8 February 2016). Constructed in 1973, Bridge No. 52 is not eligible for the National Register as it is neither aesthetically nor technologically significant. Google Maps "Street View" confirmed the absence of significant architectural and landscape resources in APE (8 February 2016).

No architectural survey is required for the project as currently defined.

WHY THE AVAILABLE INFORMATION PROVIDES A RELIABLE BASIS FOR REASONABLY PREDICTING THAT THERE ARE NO UNIDENTIFIED SIGNIFICANT HISTORIC ARCHITECTURAL OR LANDSCAPE RESOURCES IN THE PROJECT AREA: APE extends 400 feet from each end of the existing bridge (E-W) and 100 feet to either side of the existing SR 1006 (Maxwell Road) center line (N-S) to encompass proposed construction. Comprehensive architectural surveys of the counties (Cumberland-1970s; Sampson-1979, Tom Butchko, *An Inventory of Historic Architecture, Sampson County, North Carolina* (Clinton: City of Clinton, 1981)) and later additions record no properties in the APE. County GIS/tax materials and other visuals support the absence of significant architectural and landscape resources. No National Register-listed properties are located within the APE.

**Should the design of the project change, please notify
NCDOT Historic Architecture as additional review may be necessary.**
