| <b>Project No:</b>        |                                                                     | <b>County:</b>         | Avery                                                                      |
| <b>WBS No.:</b>           | 17BP.11.R.127                                                       | <b>Document Type:</b>  | MCC                                                                        |
| <b>Fed. Aid No:</b>       |                                                                     | <b>Funding:</b>        | <input checked="" type="checkbox"/> State <input type="checkbox"/> Federal |
| <b>Federal Permit(s):</b> | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | <b>Permit Type(s):</b> | NWP 3 or 14                                                                |

**Project Description:**

Replace Bridge No. 79 on SR 1341 (Banner Creek Rd) over Elk River.

### SUMMARY OF HISTORIC ARCHITECTURE AND LANDSCAPES REVIEW

**Description of review activities, results, and conclusions:**

On November 2, 2016 a search of NC HPOWEB GIS Service map reveals that the Area of Potential Effects (APE) for this project includes a c.1900 house. An Architectural Historian will conduct an eligibility evaluation for the property.
