Per your request dated October 03, 2016, I have completed the right of way abstract for the above referenced project. The results are as follows:

Recommend we claim **34 feet total**, 17 feet each side of the centerline, by virtue of maintenance.

From intersection of SR 1126 (Henson Creek Rd) and SR 1127 (Little Henson Creek Rd) to the bridge.

Recommend variable width right of way at intersection by virtue of maintenance.

150' North and East of intersection of SR 1127 (Little Henson Creek Rd) and SR 1126 (Henson Creek Rd):

Recommend we claim **34 feet total**, 17 feet each side of the centerline, by virtue of maintenance.

If I can be of further assistance, please advise.
