

PROJECT SPECIAL PROVISIONS  
Utility Construction

GENERAL CONSTRUCTION REQUIREMENTS:

Specifications:

The proposed utility construction shall meet the applicable requirements of the NC Department of Transportation's "Standard Specifications for Roads and Structures" dated July 2006 and the provisions outlined below.

Owners and Owner's Requirements:

The existing water line belongs to the Southern Wayne Sanitary District. The contact person for the Southern Wayne Sanitary District is Mr. Peter McDonnell. Mr. McDonnell can be reached by telephone at (919) 735-7355. The Contractor shall provide access for the owner's representatives to all phases of construction. The owner shall be notified two weeks prior to commencement of any work and one week prior to service interruption. Interruption of water service or force main sewer service on main lines shall be limited to a maximum of 4 hours unless approved by the Engineer.

A final visual inspection of the pipe installation shall be conducted with the Engineer and owner present. The Engineer and owner must be satisfied that the installed pipe and gaskets are watertight and installed on a constant grade matching the existing.

All fittings, couplings, sleeves and other items required to provide a complete installation shall be the responsibility of the Contractor and are considered incidental to the sewer line work.

Any cracked, damaged, or defective pipe, fittings, valves, hydrants, or other attachments discovered as a result of construction activities or testing, shall be removed and replaced with sound material. The tests shall be repeated until test results are satisfactory.

Utility Locations Shown on the Plans:

The locations, sizes, and type material of the existing utilities shown on the plans are from the best available information. The Contractor will be responsible for determining the exact location, size, and type material of the existing facilities necessary for the construction of the proposed utilities and to avoid damage to existing facilities.

COMPENSATION:

No direct payment will be made for utility construction work required by the preceding provisions, which are general requirements applying to utility construction, and all of the requirements stated will be considered incidental work, paid for at the contract unit prices of the various utility items included in the contract.
