

PROJECT SPECIAL PROVISIONS
Utility

UTILITIES BY OTHERS

General:

The following utility companies have facilities that will be in conflict with the construction of this project.

- A) South River EMC - Power (Distribution)
- B) Star Telephone Membership Corp.

The conflicting facilities of these concerns will be adjusted prior to the date of availability, unless otherwise noted and are therefore listed in these special provisions for the benefit of the Contractor. All utility work listed herein will be done by the utility owner. All utilities are shown on the plans from the best available information.

The Contractor's attention is directed to Article 105-8 of the Standard Specifications.

Utilities Requiring Adjustment:

- A) South River EMC - Power (Distribution)
 - 1) See Utilities by Others Plans.

NOTE: South River EMC will remove the aerial power lines spanning the creek, dead-ending their lines on each side. After completion of the project, they will reinstall the aerial power lines back in their original location.

- B) Star Telephone Membership Corp.
 - 1) See Utilities by Others Plans.

NOTE: Star Telephone will remove aerial cable in joint use with South River EMC at the creek crossing and replace with a buried telephone cable directional bored beneath the creek beyond the wetland border.

An existing directional bored telephone cable crossing the creek north of the proposed bridge will remain in place to be directional bored in a new location if found to be in conflict with construction of the proposed bridge.

NOTE: All other utilities will remain in place and will be adjusted as necessary.
