

8/23/99

This figure shows a topographic map grid with horizontal and vertical axes ranging from 150 to 3000. The grid is composed of small squares. A series of dashed lines represent contour elevations, starting at 2890 and increasing by 1 unit up to 3000. A solid line highlights a specific path or feature. Key points along this path are labeled with elevations: 2900.81, 2903.08, 2905.50, 2905.60, 0.041, 0.041, 152 + 50.00, 15.1, 2952.22, 2960, 2970, 2980, 2990, and 3000. A scale bar in the top right corner indicates distances of 0, 5, and 10 units. The project reference number is R-2915A, and the sheet number is X-176.
