ROY COOPER  
GOVERNOR

J. ERIC BOYETTE  
SECRETARY

July 13, 2020

MEMORANDUM TO: Kevin Fischer, PE  
Assistant State Structures Engineer  
Structures Management Unit

FROM: Craig Haden *Craig Haden*  
GeoEnvironmental Project Manager  
GeoEnvironmental Section  
Geotechnical Engineering Unit

TIP NO: BR-0086  
WBS: 67086.1.1  
COUNTY: JOHNSTON  
DIVISION: 4  
DESCRIPTION: Replace Bridge 500070 on US 301 over Neuse River

SUBJECT: **GeoEnvironmental Phase I Report**

The GeoEnvironmental Section of the Geotechnical Engineering Unit performed a Phase I field investigation on June 30, 2020 for the above referenced project to identify geoenvironmental sites of concern. The purpose of this report is to document sites of concern within the project study area that are or may be contaminated. These sites of concern should be included in the environmental planning document in an effort to assist the project stakeholders in reducing or avoiding impacts to these sites. Sites of concern may include, but are not limited to, underground storage tank (UST) sites, dry cleaning facilities, hazardous waste sites, regulated landfills, and unregulated dumpsites.

**Findings**

One (1) site of concern was identified within the proposed study area. We anticipate low monetary and scheduling impacts resulting from this site. See the following table and figure for details.

Please note that discovery of additional sites not recorded by regulatory agencies and not reasonably discernible during the project reconnaissance may occur. The GeoEnvironmental Section should be notified immediately after discovery of such sites so their potential impact(s) may be assessed.

Sites of concern identified in this report should be reviewed by the GeoEnvironmental Section once the Final Right of Way plans are complete to determine if Phase II Investigations and Right of Way Recommendations are necessary prior to right of way being acquired.

If there are questions regarding the geoenvironmental issues, please contact me, at (919) 707-6871.

**(01) Property Name:**

Danny's Car Care  
2838-2828 US 301  
Smithfield, NC 27577

**Property Owner:**

Johanna Parker  
114 Hamilton Dr  
Smithfield, NC 27577

**Facility ID:** 00-0-0000013458

**Incident Type/Number:** 20878

**UST Owner:**

Vernon Parker  
114 Hamilton Dr  
Smithfield, NC 27577

**Anticipated Impacts: Low**

There are three metal structures on this property. Two of the buildings appeared to be vacant at the time of the site inspection, the third building currently operates as an auto repair shop. It is located on the northwest side of US 301 approximately 860 feet northeast of Packing Plant Rd. It is the former location of Neuse Bait Shop. According to the UST section registry two (2) USTs were removed in September 1999. Incident # 20878 is associated with this facility and was closed out in June 2000. A No Further Action was also issued in June 2000. One monitoring well was observed during the site investigation and appeared to be abandoned.
