GeoEnvironmental Impact Evaluation

Project 35601.1.1 (TIP # R-4463) NC 55-43 to US 17 South in New Bern Craven County

Purpose

This report presents the results of a geoenvironmental impact evaluation conducted along the above referenced project. The main purpose of this investigation is to identify properties within the project study area that are or may be contaminated and therefore result in increased project costs and future liability if acquired by the Department. Geoenvironmental impacts may include, but are not limited to, active and abandoned underground storage tank (UST) sites, hazardous waste sites, regulated landfills and unregulated dumpsites.

Techniques/Methodologies Used

The Geographical Information System (GIS) was consulted to identify known environmentally impacting sites in relation to the project corridor.

Findings

Underground Storage Tank (UST) Facilities

Based on our study, six possible sites presently or formerly containing petroleum underground storage tanks (UST's) were identified within the project limits (see Appendix A).

Hazardous Waste Sites

No Hazardous Waste Sites were identified within the project limits.

Landfills

No apparent landfills were identified within the project limits.

Other GeoEnvironmental Concerns

No other GeoEnvironmental Concerns were identified within the project limits.

Anticipated Impacts

Six possible UST facilities, five gas stations and one textile manufacturing facility, were identified within the proposed project corridor. We anticipate low to high monetary and scheduling impacts resulting from these sites.

The GeoEnvironmental Section observed no additional contaminated properties during the field reconnaissance and regulatory agencies' records search. The GeoEnvironmental Section will provide soil and groundwater assessments on each of the above properties after identification of the selected alternative and before right of way acquisition. Please note that discovery of additional sites not recorded by regulatory agencies and not reasonably discernable during the project reconnaissance may occur. The GeoEnvironmental Section should be notified immediately after discovery of such sites so their potential impact(s) may be assessed.

APPENDIX A

Known and Potential GeoEnvironmental Impact Sites

1) **Property Name**

Property Owner:

Scotchman #61

Patricia Tripp

215 Washington Post Road

New Bern

UST Facility ID # UST Owner

0-011400 Worsley Companies

This former gas station is located in the northwest corner of the intersection of Washington Road and NC 55. NCDENR has five USTs registered for this facility all of which were apparently closed in 1998. Based on the Craven County aerial photography, this site has recently been razed. **This site will have a low impact to this project**.

2) **Property Name**

Property Owner:

Trade Mart # 49

DTF LLC

275 Washington Post Road

New Bern

UST Facility ID # 0-035649

UST Owner DTF LLC

This active gas station is located approximately 1300 feet north of the intersection of NC 55 and Washington Post Road. NCDENR has four USTs registered for this facilility. All four USTs were installed in 1997. **This site will have a low impact to this project**.

3) **Property Name**

Property Owner:

Texfi Industries 197 Bosch Blvd **Amital Spinning Corp**

New Bern

UST Facility ID #

UST Owner

0-011335

Texfi Industries

This textile manufacturing facility is located on the north side of Bosch Boulevard approximately 3000 feet west of Neuse Boulevard. NCDENR assigned ground water incident number 3350 to this site in 1987 due to solvents released into the ground water. One 500 gallon UST was reportedly closed from at this facility in 1987. **This site will have a low impact to this project.**

4) **Property Name** **Property Owner:** Marie Williams

Trade Mart #47

UST Facility ID #

4100 Martin Luther King Jr. Blvd

New Bern

UST Owner

0-035397

Trade Oil Company

This active gas station is located in the northwest corner of the intersection of Martin Luther King Jr. Boulevard and River Road (SR 1214). NCDENR has four USTs installed in 1997 registered for this facility. This site will have a low impact to this project

5) **Property Name** **Property Owner:**

Handy Mart #53

4011 Martin Luther King Jr. Blvd

New Bern

EJ Pope & Son

UST Facility ID #

0-034104

UST Owner EJ Pope and Son

This active gas station is located in the southeast corner of the intersection of Martin Luther King Jr. Boulevard and River Road (SR 1214). NCDENR has three USTs installed in 1994 registered for this facility. This site will have a low impact to this project

6) **Property Name**

Property Owner: Trade Mart #47

4100 Martin Luther King Jr. Blvd

New Bern

Marie Williams

UST Facility ID #

UST Owner

0-035397

Trade Oil Company

This active gas station is located in the northeast corner of the intersection of Martin Luther King Jr. Boulevard and River Road (SR 1214). NCDENR has five USTs installed in 1992 registered for this facility. This site will have a low impact to this project
