

# Scotland County Bicycling Map

## ABOUT THE MAP

Whether you wish to take a short ride, an all-day trip, or a longer overnight tour, all the information you need to plan your ride is on this map. The 147-mile system of Scotland County bicycle routes, highlighted on the map in different colors, consists of three signed routes totaling 114 miles and an additional 33 miles of unsigned connector routes. By combining these routes in different ways, you can create a variety of trip options.

In addition to showing the bike routes, this map includes a wealth of other information. The locations of all services such as convenience stores, campgrounds, and restaurants are pinpointed with symbols, as shown in the legend. Towns that provide overnight accommodations, restaurants, and other amenities are marked with a star. Points of interest are marked with a red dot. The names of all roads that are part of the route system or which cross a route are shown. Busier sections of the routes, where extra caution is recommended, are clearly indicated. On the road, "Share the Road" signs posted on these portions of the routes remind motorists and bicyclists to remain alert.

An enlarged map of Laurinburg provides greater detail to help you navigate the town and locate points of interest.

## A NOTE OF CAUTION

The highlighted routes follow roads of the NC highway system and local streets. These roads do not include any special accommodations for bicycles, such as paved shoulders or bike lanes. Care has been taken to select more lightly traveled roads. In a few places, however, short segments of more heavily traveled roads are used to make connections where no other options exist. These areas are marked with "Share the Road" signs to alert motorists to the possible presence of cyclists on the road. These bike routes are not designed to be used by children as their ability to judge traffic conditions and driver actions is not well developed.

## LEGEND

- Route 1  
(Part of the U.S. Bike Route System)
- Route 2
- Route 3
- Divided Highways
- Primary Roads
- Paved Roads
- Railroads
- Unpaved Roads
