

# Public Road Characteristics, 4th Quarter 2021 - NC Department of Transportation

## SDE Feature Class

## Tags

Centerline, Division, Downloadable Data, SR, Primary, US, State maintained roads, Highways, NC, Roads, Major Roads, North Carolina, Interstate, Streets, Transportation, Secondary, County

## Summary

This layer is a visual representation of public roads in North Carolina. State maintained routes are current through September 2021 for changes by NCDOT Petitions and Municipal Agreements process. For more detailed information about system and non-system road data please refer to the documentation using the link in the Distribution section. Other information concerning known route issues and improvements is found in Supplemental Information/ Resource Details section.

## Description

An arc layer for visual representation of statewide road centerlines on publicly accessible roads segmented by a subset of road characteristics for the state road system. The state road system is comprised of Interstate, US, NC, Secondary Routes, and Ramps. Each arc/record is split where road characteristics change along a route. This dataset supports the Federal Highway Administration's (FHWA) data requirements for the Highway Performance Monitoring System (HPMS). HPMS is a national level highway information system that includes data on the extent, condition, performance, use, and operating characteristics of the Nation's highways. States are required to submit an HPMS report to FHWA annually. This dataset also contains projected routes, generalized locations of routes that will become part of the National Highway System (NHS) when they are built. The non-system roads are consumed and conflated from authoritative sources, including local (i.e. county), state (i.e. parks) and federal (i.e. Forest Service) entities. This dataset is updated daily. Data quality is tracked using the revision document fields (GeoDocType and GeoDocId). Legacy data are coded as not verified in the GeoDocType field. The geometry and spatial location of new data is verified with the most current information available (i.e aerial imagery).

## Credits

Spatial Data Management Group - Product creation; Data Conversion Group – System geometry, mileage, events; Local County Government – Non-system geometry, Street Name event; Transportation Asset Analytics - Events; Transportation Planning Branch – Functional Class, National Highway System; Traffic Safety Unit - Speed Limit.

## Use limitations

The North Carolina Department of Transportation shall not be held liable for any errors in this data. This includes errors of omission, commission, errors concerning the content of the data, and relative and positional accuracy of the data. This data cannot be construed to be a legal document. Primary sources from which this data was compiled must be consulted for verification of information contained in this data.

DATASET LANGUAGES English (UNITED STATES)

DATASET CHARACTER SET utf8 - 8 bit UCS Transfer Format

STATUS on-going

SPATIAL REPRESENTATION TYPE vector

SUPPLEMENTAL INFORMATION

This file should not be used for routing.

Known Issues:

- An incorrect length is listed for 20600264074. It is listed as 35.29 miles and should be 34.45. This should be corrected in Q1 2022.
- An incorrect length is listed for 40001655047. It is listed as 0.47 miles and should be 0.38. This should be corrected in Q1 2022.
- AADT was not updated this quarter. The data reflects the 2019 information.

Improvements:

Ownership information is being updated for some non-system road categories. Generally, the updates include Owner Type, Owner Name, Facility Type, Through Lane Count, Surface Type, Route Class, Travel Direction, and corrections to the network.

- Roads within the Blue Ridge Parkway National Park System have been completed
- Roads maintained by other state agencies, including State Parks, Wildlife Resources Commission, and others are in progress
- Municipal roads are in progress - Work has been done in divisions 5 and 14 this quarter

If you have any questions, please contact [gishelp@ncdot.gov](mailto:gishelp@ncdot.gov).
