

Geometric LrsArcs Common, 1st Quarter 2023 - NC Department of Transportation

File Geodatabase Table

Tags

Highways, US, North Carolina, County, State maintained roads, Primary, Transportation, Major Roads, Streets, NC, SR, Roads, Interstate, Secondary

Summary

This dataset is in support of the web-enabled Geometric Reporter application built by the NCDIT-T GIS Unit Application Services Team. Production website : <https://gis13.services.ncdot.gov/geometricreport/index.html>

Description

This dataset is a derivative product of the current quarterly NCRouteArcs and includes both local and state maintained routes. With a reduced number of columns, the dominant route data includes information about the from and to measures between intersection identifiers and any coroutes that may be present.

Credits

Spatial Data Management Group - data compilation

Use limitations

The North Carolina Department of Transportation shall not be held liable for any errors in this data. This includes errors of omission, commission, errors concerning the content of the data, and relative and positional accuracy of the data. This data cannot be construed to be a legal document. Primary sources from which this data was compiled must be consulted for verification of information contained in this data.

Extent

There is no extent for this item.
