

# Bike/Pedestrians Locations of Interest – Lines, North Carolina Department of Transportation, Prioritization 7.0, July 2023

File Geodatabase Feature Class

## Tags

Location of Interest (LOI), Transportation, Bicycle, Pedestrian, North Carolina, North Carolina Department of Transportation (NCDOT), Prioritization 7.0 (P7), Line, Strategic Prioritization Office of Transportation (SPOT)

## Summary

This layer includes bus and rail lines that serve as public transportation throughout the state of North Carolina. This layer is also useful to the bicyclists and pedestrians. The layer is intended to be used for the Strategic Prioritization Office of Transportation (SPOT) 7.0 scoring process for the 2023 update to the State Transportation Improvement Plan (STIP).

## Description

This layer is a line feature class that represents locations of fixed-route transit in North Carolina that were determined to be attractive bicyclist and pedestrian destinations. The composite selection of features, used for the Strategic Prioritization Office of Transportation (SPOT) 7.0 scoring process, were generated from general transit feed specification (GTFS) files provided by the Institute for Transportation Research (ITRE) and Education at North Carolina State University.

Component	Category	Source
Transit Routes	Transit	NCSU ITRE; 2019

Transit route locations are subject to frequent change and this dataset does not guarantee the accuracy of the current location of existing fixed transit routes.

*For further information about domains and fields used in SPOT see the SPOT P7 Domains document here:*

## Credits

North Carolina Department of Transportation (NCDOT), Strategic Prioritization Office of Transportation (SPOT), Institute for Transportation Research and Education (ITRE), North Carolina State University (NCSU), (VHB).

## Use limitations

The North Carolina Department of Transportation shall not be held liable for any errors in this data. This includes errors of omission, commission, errors concerning the content of the data, and relative and positional accuracy of the data. This data cannot be construed to be a legal document. Primary sources from which this data was compiled must be consulted for verification of information contained in this data.

SPOT On!ine is the NC Department of Transportation's online project prioritization evaluation system. All data used for scoring and evaluating projects, including scores and preliminary point-in-time cost estimates either generated by the SPOT On!ine application or provided by the user, are only intended for use in the Department's Strategic Prioritization Process. All SPOT On!ine project data will be used for preliminary level planning, scoring, and evaluation purposes only, and must undergo further review prior to use in the Department's programming process. By entering SPOT On!ine, the user hereby acknowledges this statement.

#### SCOPE EXTENT

##### DESCRIPTION

The Bike/Pedestrian Locations of Interest- Lines were created to locate local transit routes for the interest of bicycle and pedestrian users. This layer is intended to be used in the Prioritization 7.0 for the updated 2019 State Transportation Improvement Plan (STIP).

[Hide Scope of quality information !\[\]\(488d36215f31304317ffb20d512ebb61\_img.jpg\)](#)

### DATA QUALITY REPORT - CONCEPTUAL CONSISTENCY

#### CONFORMANCE TEST RESULTS

TEST PASSED Yes

#### RESULT EXPLANATION

The dataset is converted to file geodatabase (FGDB) format using tools in ArcGIS. Quality checks were performed by the Strategic Prioritization Office of Transportation (SPOT) and the North Carolina Department of Transportation Geographic Information Systems Unit and errors were accepted as within business range or identified as exceptions.

## Lineage ►

### LINEAGE STATEMENT

The composite selection of features were generated from general transit feed specification (GTFS) files provided by the Institute for Transportation Research (ITRE) and Education at North Carolina State University. The data were further manipulated by the North Carolina Department of Transportation Geographic Information Systems Unit and/or the North Carolina Department of Transportation Strategic Prioritization Office of Transportation (SPOT) to produce the required data for Prioritization 7.0.
