

# Metropolitan Planning Organization (MPO) and Rural Planning Organization (RPO) boundaries, 2025 (Revised) – NC Department of Transportation

File Geodatabase Feature Class

## Tags

Polygon, North Carolina, NCDOT, Metropolitan Planning Organization, Rural Planning Organization, transportation, MPO, RPO, Census, Boundary, Boundaries, Transportation Planning, Transportation

## Summary

Polygons depicting the various MPO and RPO planning area boundaries, covering the entire state of North Carolina.

## Description

Polygons depicting the various MPO and RPO planning area boundaries, covering the entire state of North Carolina. The MPOs are responsible for establishing and maintaining MPA boundaries to include the entire urban area (UA) boundary identified in the latest decennial Census and contiguous geographic area likely to become urbanized within 20 years. All boundary adjustments are approved by the NCDOT and submitted to the FHWA Division Office(s). RPOs are responsible for establishing and maintain planning area boundaries for transportation planning in rural North Carolina areas not within an MPO.

## Credits

North Carolina Department of Transportation, Transportation Planning Division,  
North Carolina Department of Information Technology-Transportation, GIS Unit.

Support and maintenance of the spatial database where this data resides is handled by the North Carolina Department of Transportation, Transportation Planning Division.

## Use limitations

The North Carolina Department of Transportation shall not be held liable for any errors in this data. This includes errors of omission, commission, errors concerning the content of the data, and relative and positional accuracy of the data. This data cannot be construed to be a legal document. Primary sources from which this data was compiled must be consulted for verification of information contained in this data. This dataset does not replace locally verified data.

## Extent

**West** -84.422109    **East** -75.416032  
**North** 36.617254    **South** 33.730554

## Scale Range

**Maximum (zoomed in)** 1:500,000  
**Minimum (zoomed out)** 1:150,000,000

## Lineage ►

LINEAGE STATEMENT

This dataset was originally created by the North Carolina Department of Transportation to provide a geographic representation of the Metropolitan Planning Organization (MPO) and Rural Planning Organization (RPO) in North Carolina. MPO boundaries are created from 2010 Census data. RPO boundaries are the non-MPO group of counties. The data were then used by the NC Department of Transportation GIS Unit for further data processing. The final product was utilized by the NC Transportation Planning Division.

PROCESS STEP ►

WHEN THE PROCESS OCCURRED 2011-11-28 00:00:00  
DESCRIPTION

The North Carolina Department of Transportation created the polygons depicting the various MPO and RPO boundaries, covering the entire state of North Carolina. Existing MPOs expanded their Metropolitan Planning Areas (MPAs) to include all territory in Census 2010 UZAs (Urbanized Areas). All boundary adjustments are approved by the Governor(s) and submitted to the FHWA Division Office(s). The MPA boundaries include the entire UZA boundary identified in the 2010 decennial Census and the contiguous geographic area likely to become urbanized within 20 years. RPOs were created for transportation planning in rural North Carolina areas not within an MPO.
