

The Mapping Section's goal is to provide the most accurate and current information possible. Map data is compiled from a variety of sources including aerial photography, ground surveys, and other data. The accuracy of the data is dependent on the quality of the data provided. The Mapping Section is not responsible for the accuracy of non-system works. Please use best practices for data collection and management. For additional information, visit <http://www.ncdot.gov/infrastructure/infrastructure> and click on Data Providers or contact us by phone at (919) 855-8480.
