The Mapping Section's goal is to provide the most accurate and current information possible. Map data is compiled from various sources, including aerial photography, ground surveys, and other data. The data is processed and digitized using the most current and accurate methods available. The data is then used to create the maps. The maps are printed on high-quality paper and are available in both print and digital formats. For more information, please visit our website at [www.ncdot.gov/transportation/mapping](http://www.ncdot.gov/transportation/mapping) or contact us by phone at (919) 855-8480.
