

The MS&U's goal is to provide the most accurate and current information possible. Map data is compiled from numerous sources including aerial photography, GIS data, and other available information. As a result, roads and important non-system features may not be shown or may be shown in an approximate location. For more information, visit <http://www.ncdot.gov/MS&U/MS&UHome.aspx> and click on Data Providers or contact us at (919) 835-8480.
