The Mapping Section's goal is to provide the most accurate and current information possible. Map data is compiled from various sources, including aerial photography, ground surveys, and other data. The data is processed and loaded into a computerized database. The data is then used to create maps. The data is updated as needed. For additional information, visit <http://www.ncdot.gov/levelofdetail.aspx> and click on Data Providers or contact us by phone at (919) 855-8480.
