

The Mapping Section's goal is to provide the most accurate and current information possible. Map data is compiled from a variety of sources, including aerial photography, ground surveys, and other data. The data is processed and converted into a digital format. The data is then used to create the map. The data is not guaranteed to be 100% accurate. The data is not intended to be used for legal purposes. For more information, visit <http://www.ncdot.gov/MapInfo/MapInfo.aspx> and click on Data Provision or contact us by phone at (919) 855-8480.
