

The MSAL's goal is to provide the most accurate and current information possible. Map data is compiled from numerous sources including aerial photography, ground surveys, and other data. As a result, some features may not be shown or may be shown in an approximate location. The MSAL is not a substitute for a professional survey. For additional information, visit <http://www.ncdot.gov/transportation/MSAL> and click on Data Providers or contact us at (813) 855-8460.
