

The MSAL's goal is to provide the most accurate and current information possible. Map data is compiled from numerous sources including aerial photography, ground surveys, and other data. As a result, roads and other features may not always be shown in the exact location or with the exact name as they appear in the field. The MSAL is not responsible for any errors or omissions. For additional information, visit <http://www.ncdot.gov/transportation/msal> and click on Data Providers or contact us at (819) 535-8460.
