

The MSAU's goal is to provide the most accurate and current information possible. Map data is compiled from numerous sources including aerial photography, ground surveys, and other data. As a result, there may be some discrepancies between the map and the actual terrain. The map is not a substitute for a field survey and is not intended for use in legal proceedings. For additional information, visit <http://www.ncdot.gov/transportation/MSAU> and click on Data Providers or contact us at (813) 835-8460.
