

The MS&U's goal is to provide the most accurate and current information possible. Map data is compiled from numerous sources with varying degrees of periodicity and accuracy. As a result, roads and other features may not always be shown in the most current or accurate manner. For more information and important non-system roads, please visit the MS&U website at <http://www.ncdot.gov/transportation/MS&U> and click on Data Providers or contact us at (818) 835-4480.
