

The MSALT's goal is to provide the most accurate and current information possible. Map data is compiled from numerous sources including aerial photography, ground surveys, and other data. As a result, roads and other features may not be shown in the exact location or at the exact scale as they appear in reality. The MSALT is not responsible for any errors or omissions. For additional information, visit <http://www.ncdot.gov/transportation/MSALT> and click on Data Providers or contact us at (819) 835-8480.
