

The MS&U's goal is to provide the most accurate and current information possible. Map data is compiled from numerous sources and varying scales. The map is not a legal document. As a result, roads and other features may not be shown in the same location as they appear in reality. For additional information, visit <http://www.ncdot.gov/transportation/MS&U> and click on Data Providers or contact us at (919) 885-9428.
