

The MSAL's goal is to provide the most accurate and current information possible. Map data is compiled from numerous sources including aerial photography, ground surveys, and other data. As a result, some information may be out of date or incomplete. The MSAL is not a substitute for a professional survey. For more information, visit <http://www.ncdot.gov/transportation/msal> and click on Data Providers or contact us at (919) 855-6480.
