

The Mapping Section's goal is to provide the most accurate and current information possible. Map data is compiled from numerous sources with varying dates of publication and map accuracy standards. As a result, the accuracy of important non-system roads, such as county roads and roads provided by utility companies, may vary. This map includes county roads, state roads, and major interstates. The information shown on this map was last updated in September 2017. For additional information, visit <http://www.ncdot.gov/2050/assessingand> and click on Data Providers or contact us at (919) 633-8480.
