

The Mapping Section's goal is to provide the most accurate and current information possible. Map data is compiled from numerous sources with varying dates of publication and map accuracy standards. As a result, the accuracy of the information shown on this map may not reflect the actual state of the roads and areas shown. This map includes state maintained roads and important inter-system roads. The information shown on this map was last updated in September 2019. For additional information visit <http://www.ncdot.gov/latlongstatus.html> and click on Data Providers to contact us by phone at (919) 855-8400.
