

North Carolina Department of Transportation
PROJECT ENVIRONMENTAL CONSULTATION FORM
I. D. No. B-5171

I. GENERAL INFORMATION

- a. Consultation Phase: Construction
- b. Project Description: Replacement of Bridge No. 125 over Aarons Creek on SR 1400 (Grassy Creek Road) in Granville County.
- c. State Project: N/A
Federal Project: BRSTP-1400 (6)
- d. Document Type: PCE April 2015
Date

II. CONCLUSIONS

The above environmental document has been reevaluated as required by 23 CFR 771. It was determined that the current proposed action is essentially the same as the original proposed action. Proposed changes, if any, are noted below in Section III. It has been determined that anticipated social, economic, and environmental impacts were accurately described in the above referenced document(s) unless noted otherwise herein. Therefore, the original Administration Action remains valid.

III. CHANGES IN PROPOSED ACTION AND ENVIRONMENTAL CONSEQUENCES

There are no changes to the proposed action identified in the PCE

IV. LIST OF ENVIRONMENTAL COMMITMENTS

NCDOT will implement all practical measures and procedures to minimize and avoid environmental impacts.

PROJECT COMMITMENTS:

**Granville County
Bridge No. 125 on SR 1400 (Grassy Creek Road)
over Aarons Creek
Federal Aid Project No. BRSTP-1400 (6)
W.B.S. No. 42329.1.1
S.T.I.P. No. B-5171**

Division Five Construction, Resident Engineer's Office – Offsite Detour

In order to have time to adequately reroute school busses, Granville County Schools will be contacted at least one month prior to road closure.

Granville County Emergency Services will be contacted at least one month prior to road closure to make the necessary temporary reassignments to primary response units.

Hydraulic Unit – FEMA Coordination

The Hydraulics Unit will coordinate with the NC Floodplain Mapping Program (FMP), to determine status of project with regard to applicability of NCDOT'S Memorandum of Agreement, or approval of a Conditional Letter of Map Revision (CLOMR) and subsequent final Letter of Map Revision (LOMR).

Division Construction-FEMA

This project involves construction activities on or adjacent to FEMA-regulated stream(s). Therefore, the Division shall submit sealed as-built construction plans to the Hydraulics Unit upon completion of project construction, certifying that the drainage structure(s) and roadway embankment that are located within the 100-year floodplain were built as shown in the construction plans, both horizontally and vertically.
