MEMORANDUM

TO: Gregory Thorpe, Ph.D., Director
 Project Development and Environmental Analysis Branch
 NCDOT Division of Highways

FROM: Peter Sandbeck *PSB* / *Peter Sandbeck*

SUBJECT: Greenville Southwest Bypass Study, Improvements to NC 11 and US 264 Business, R-2250, Pitt County, GS 93-0035

We have received the Administrative Action DEIS and Draft Section 4(f) Evaluation for the above project.

We have no comment upon the DEIS at this time but would like to remind you that if the project continues to be state-funded, historic properties listed in the National Register will trigger review under North Carolina Regulation GS 121.

We would appreciate a second copy of the Greenville Southwest Bypass Study Draft Environmental Impact Statement (DEIS) for our records in the Survey and Planning Office.

We acknowledge the DOT's intention to conduct an archaeological survey once a preferred alternate has been selected from the three proposed. Once this selection is made, please contact us to determine a survey protocol.

The above comments are made pursuant to Section 106 of the National Historic Preservation Act and the Advisory Council on Historic Preservation's Regulations for Compliance with Section 106 codified at 36 CFR Part 800.

Thank you for your cooperation and consideration. If you have questions concerning the above comment, contact Renee Gledhill-Earley, environmental review coordinator, at 919/733-4763 ext. 246. In all future communication concerning this project, please cite the above referenced tracking number.

MEMORANDUM

TO: Matt Wilkerson
NCDOT - Human Environmental Unit

FROM: Peter Sandbeck *RS for Peter Sandbeck*

SUBJECT: Proposed NC 11-903 Greenville Southwest Bypass, R-2250, State Project Number 8.1221401, Pitt County, GS 93-0035

Thank you for your letter of November 30, 2006, providing topographic maps and aerial photographs for selected Alternate 4-EXT of the proposed bypass.

On Wednesday, January 3, 2007, OSA staff archaeologist Susan Myers met with you and Mr. Smith to discuss the scope of the archaeological survey of Alternate 4-EXT. We reviewed maps, a background report prepared by Kenneth Robinson in 1996 (Bibliography number 3886), and soil studies. We found the level of effort put forth by Mr. Smith acceptable. We look forward to future consultation, including a field visit, on this project.

The above comments are made pursuant to Section 106 of the National Historic Preservation Act and the Advisory Council on Historic Preservation's Regulations for Compliance with Section 106 codified at 36 CFR Part 800.

Thank you for your cooperation and consideration. If you have questions concerning the above comment, please contact Renee Gledhill-Earley, environmental review coordinator, at 919/733-4763. In all future communication concerning this project, please cite the above referenced tracking number.

June 7, 2007

MEMORANDUM

TO: Matt Wilkerson, Archaeology Supervisor
NCDOT - Human Environment Unit

FROM: Peter Sandbeck *PBS for Peter Sandbeck*

SUBJECT: Archaeological survey of the proposed Greenville Southwest Bypass, R-2250, Pitt County,
GS 93-0035

Thank you for your letter of May 17, 2007, and the copy of the management summary of the archaeological survey of the bypass by Heather Olson of TRC.

We find the level of survey coverage thorough. Based on preliminary review of the survey's findings, it appears that all 48 sites will be found ineligible for the National Register of Historic Places. We, however, will hold our recommendations until we have received and reviewed the survey report and site forms.

We plan to attend the "Concurrence Point 4" meeting scheduled for June 14th.

The above comments are made pursuant to Section 106 of the National Historic Preservation Act and the Advisory Council on Historic Preservation's Regulations for Compliance with Section 106 codified at 36 CFR Part 800.

Thank you for your cooperation and consideration. If you have questions concerning the above comment, please contact Renee Gledhill-Earley, environmental review coordinator, at 919/733-4763. In all future communication concerning this project, please cite the above referenced tracking number.
