Next Level Church
4317 Stevens Mill Rd.
Matthews 28104

Times:

Pre-Hearing Open House
4:00pm—6:30pm
(drop in anytime)

Public Hearing
7:00pm

The North Carolina Department of Transportation (NCDOT) will be holding one Open House and two combined Open House / Public Hearings to provide updates on the Monroe Connector/Bypass project and receive comments on the Draft Supplemental Final Environmental Impact Statement that has recently been completed. The Monroe Connector/Bypass proposes to improve mobility and capacity within the project study area by providing a facility that allows for high-speed regional travel consistent with the NC Strategic Highway Corridor program and the NC Intrastate System, while maintaining access to properties along existing US 74. The project extends from I-485 in Mecklenburg County to US 74 between the towns of Wingate and Marshville, a distance of approximately 20 miles. Project documentation and mapping will be displayed at the Public Hearing, and they are also available online at <http://www.ncdot.gov/projects/monroeconnector/>.

For more information on this project, contact Mr. Jamille Robbins, NCDOT Human Environment Section, at 919-707-6085 or jarobbins@ncdot.gov, or contact Ms. Jennifer Harris, PE, NCDOT Project Development & Environmental Analysis Unit, at 919-707-6025 or jhharris1@ncdot.gov.

NCDOT will provide auxiliary aids and services under the Americans with Disabilities Act for disabled persons who want to participate in this hearing. Anyone requiring special services should contact Mr. Jamille Robbins at 919-707-6085 as early as possible so that arrangements can be made. Persons who speak Spanish and do not speak English, or have a limited ability to read, speak or understand English, may receive interpretive services upon request prior to the meeting by calling 1-800-481-6494.
