Subject: **Application for Section 10, Section 404 Nationwide Permits 12, 23 and Section 401 Water Quality Certification** for replacement of Bridge Nos. 171 and 172 over the South River on SR 1851/1426 (Faircloth Road), Cumberland and Sampson Counties, North Carolina, Federal Aid Project No. BRZ-1851(3), TIP No. B-4950.

Debit $240.00 from WBS Element No. 40108.1.1

Dear Madam,

The North Carolina Department of Transportation (NCDOT) proposes to replace existing Bridge Nos. 171 and 172 in Cumberland and Sampson Counties. Bridge No. 171 is a 91-foot bridge to be replaced with a 120-foot bridge. Bridge No. 172 is a 151-foot bridge to be replaced with a 185-foot bridge. The new bridges will be placed on existing alignment. The new bridges will include two 10-foot lanes in each direction and 6-foot shoulders on each side. Traffic will be detoured offsite.

Please find enclosed the Pre-Construction Notification (PCN) form, DMS Acceptance Letter stormwater management plan, permit drawings, utility permit drawings, and roadway design plans for the above referenced project. A Programmatic Categorical Exclusion (PCE) was completed for this project on February 24, 2016, and distributed shortly thereafter. Additional copies are available at the NCDOT website: https://connect.ncdot.gov/resources/Environmental/

The proposed let date for the project is May 16, 2017 with a review date of March 28, 2017. However, the let date may advance as additional funds become available.

Regulatory Approvals

Section 404 Permit: All aspects of this project are being processed by the Federal Highway Administration as a "Categorical Exclusion" in accordance with 23 CFR 771.115(b). The NCDOT requests that the project be authorized by a NW 23 for bridge construction. We are also requesting issuance of NW 12 for utility pole and line installation.

Section 10 Permit: South River is listed as a Section 10 water. NCDOT is requesting a Section 10 permit.

Section 401 Permit: We anticipate 401 General Certification numbers 3884 and 3891 will apply to this project. NCDOT is requesting written concurrence from the North Carolina Department of Environmental Quality, Division of Water Resources.

A copy of this permit application and its distribution list will be posted at the NCDOT website at https://connect.ncdot.gov/resources/Environmental/. Should you have any questions regarding this information, please contact Deanna Riffey at (919) 707-6151 or driffey@ncdot.gov

Dear Mr. Harris:

Subject: Mitigation Acceptance Letter:

B-4950, Replace Bridges 171 and 172 on SR 1851 / SR 1426 (Faircloth Bridge Road) over the South River, Cumberland County

The purpose of this letter is to notify you that the Division of Mitigation Services (DMS) will provide the compensatory wetland mitigation for the subject project. Based on the information supplied by you on November 3, 2016, the impacts are located in CU 03030006 of the Cape Fear River basin in the Southern Inner Coastal Plain (SOCP) Eco-Region, and are as follows:

Cape Fear 03030006 SICP	Stream			Wetlands			Buffer (Sq. Ft.)	
	Cold	Cool	Warm	Riparian	Non-Riparian	Coastal Marsh	Zone 1	Zone 2
Impacts (feet/acres)	0	0	0	0.32	0	0	0	0

*Some of the stream and/or wetland impacts may be proposed to be mitigated at a 1:1 mitigation ratio. See permit application for details.

The impacts and associated mitigation needs were under projected by the NCDOT in the 2016 impact data. DMS will commit to implement sufficient compensatory wetland mitigation credits to offset the impacts associated with this project as determined by the regulatory agencies using the delivery timeline listed in Section F.3.c.iii of the In-Lieu Fee Instrument dated July 28, 2010. If the above referenced impact amounts are revised, then this mitigation acceptance letter will no longer be valid and a new mitigation acceptance letter will be required from DMS.

If you have any questions or need additional information, please contact Beth Harmon at 919-707-8420.
