Dear Madam,

The North Carolina Department of Transportation (NCDOT) was issued a 404 Nationwide Permit 14 from the U.S. Army Corps of Engineers (USACE) on February 16, 2017 for the abovementioned project. As construction will continue beyond the expiration date of the permit, a renewal of the USACE Permit will be required.

NCDOT also was issued Water Quality Certification (WQC) No. 3886 from the North Carolina Division of Water Resources (NCDWR) on February 17, 2017. Therefore, a renewal of the NCDWR 401 WQC will also be needed.
