Regulatory Division

SUBJECT: Action ID 200321137; TIP No. U-2524 AB & AC

Gregory J. Thorpe, Ph.D.
Environmental Management Director, PDEA
N.C. Department of Transportation
1548 Mail Service Center
Raleigh, NC 27699-1548

Dear Dr. Thorpe:

Reference the Department of the Army (DA) permit issued on October 30, 2003, to authorize the discharge of dredged and fill material into the waters of United States, for construction of Sections AB and AC of the Greensboro Western Urban Loop (TIP No. U-2524 AB & AC), impacting Long Branch, Reddicks Creek and its unnamed tributaries, unnamed tributaries of Bull Run, South Buffalo Creek, and Hickory Creek, and adjacent wetlands, from I-85 to I-40, on the southwest side of Greensboro, in Guilford County, North Carolina. Reference also your August 4, 2006, letter requesting a one year permit extension. No other changes have been proposed to the project.

We have completed our evaluation of your request and your permit is hereby extended until December 31, 2007. All other conditions of the permit remain effective. If the permitted work is not completed on or before the date herein specified, the authorization, if not previously revoked or specifically further extended, will cease and become null and void. If additional time is required to complete the project, you should contact this office with a request for an additional time extension.

If you have questions, please contact Todd Tugwell of the Raleigh Regulatory Field Office, at telephone (919) 876-8441, extension 26.

Sincerely,

John E. Pulliam, Jr.
Colonel, U.S. Army
District Commander
